RESCUE ASSOCIATION
AFFILIATED WITH INTERNATIONAL SOS

YOUR HEALTHCARE PARTNER IN GHANA

While Ghana's healthcare system has improved over the years, navigating the system and having timely access to quality emergency medical services, can be challenging.

WARA offers a **seamless healthcare experience for you and your workforce** in the country, with international standards of care at each step. This service is enabled by **five critical capabilities** that are accessible to our WARA members and managed by our team of highly trained health experts.

OUR CLINICS

ACCRA

9 Abafun Crescent, Plot #59, Accra
+233 (0) 544 336 622

TAKORADI

118 Axim Road, Dixcove Hill, Takoradi
+233 (0) 302 781 258

KUMASI

Obei Nkwantabisa Avenue, Plot #3,
Block R, West Nyiaso, Kumasi
+233 (0) 302 781 258

OUR CAPABILITIES

24/7 Emergency ambulance response services

Our unique fleet of ground ambulances are all **Advanced Life Support (ALS)** equipped, and well maintained. Our paramedics are highly qualified and experienced, and are available 24/7 to respond to all medical emergency incidents.

We operate **three ambulance bases**, strategically located in Accra, Takoradi and Kumasi. Our **air medical evacuation capability** covers the whole of Ghana and also the West Africa region.

Emergency medical stabilisation

WARA operates three clinics in Ghana, that are well-equipped and staffed with healthcare professionals offering **medical care of international standards**. The clinics provide emergency primary stabilisation for medical emergencies or further support our emergency ambulance response services in Ghana.

24/7 Medical coordination centre

Our Medical coordination centre operates 24/7 to handle any WARA subscribed member's medical emergency through dedicated emergency lines (hotlines). As your **dedicated healthcare service desk**, our team assists with emergencies, clinic appointments, offers medical advice, and coordinates specialist appointments and imaging services through our network of third-party providers.

Primary healthcare services

Through our clinics, our subscribed members have **24/7 access to doctors**, for General Practitioner consultations and minor surgical procedures. Through our **in-country specialist network**, we provide a wide range of specialist support by coordinating and managing appointments from a referral perspective.

Occupational healthcare services

We have a dedicated occupational health unit, managed by occupational health professionals, that provides **OEUK certified offshore medical health checks, fitness to work screenings and general wellness health checks**. We also provide audiometry and spirometry testing services. Additionally, we can provide quality first aid training solutions for your office or organisation.

CLIENT TESTIMONIAL

"I wish to express my sincere appreciation to the WARA team for an excellent response time for last night's medical evacuation. The aircraft was airborne in less an hour after the call was made. Well done to everyone!"

- Aviation Operations Supt of an oil and gas exploration company in Ghana
