# AGGIORNAMENTO SITUAZIONE

## Scenario della pandemia

- Quasi tutti i Paesi hanno segnalato casi confermati
- In alcuni Paesi, i casi sono sempre più numerosi
- Altri si spostano verso un'attività decrescente e limitata

# TEDROS ADHANOM GHEBREYESUS

- «Anche se molti Paesi hanno fatto dei progressi, a livello globale la pandemia sta effettivamente accelerando...»
- «Vogliamo tutti che tutto questo finisca...»
- «Tutti noi vogliamo andare avanti con la nostra vita, ma la dura realtà è che questa situazione non è nemmeno lontanamente vicino alla fine....»
- «La pandemia sta anche accelerando in tutto il mondo, poiché molti Paesi che hanno riaperto le proprie economie hanno visto una ripresa dei casi»

# SECONDA ONDATA

- Non esiste una definizione scientifica di ciò che costituisce una seconda ondata
- Incremento del numero di casi da una linea di base, con numeri che aumentano significativamente al di sopra della linea di base

### COVID-19 | Situation Update

09 September (Vimeo)

International SOS Dr Laurent Taymans and Security Director James Bird provide an update on the COVID-19 pandemic as well as a review of the new COVID-19 impact scales.

The COVID-19 pandemic is expected to continue for many more months. As organisations are resuming operations, we have enhanced the following information to support you:

**Travel Restrictions, Flight Operations and Screening** now provides an interactive country-by-country view of:

- International travel (disruption (commercial travel, inbound travel and outbound travel restrictions)
- Domestic movement restrictions
- Other non-movement related internal conditions

Information is presented both in an interactive map and table view, developed and maintained by our 24/7 regional security experts. Access to the full detailed content and features now requires members to login with their membership number.

Our latest video on **Tips for a Safe Return to Travel** (Vimeo) provides guidance to travellers in the face of the ongoing risk of COVID-19.

**Education and Communication** includes Posters and Physical Distancing Stickers for Workplaces, and Power Point talks to download. Resources are available in many languages, some are accessible to the public.
