

DR STEVEN LUNT
MEDICAL DIRECTOR ASSISTANCE AND AIR AMBULANCE
INTERNATIONAL SOS

Based in Johannesburg

After 25 years across various organisations, structures and modalities Dr Steven Lunt has gained extensive experience in pre-hospital emergency medicine and international medical assistance & evacuation at an advanced level. He has been working with international SOS for the last 15 years.

Dr Steven holds degrees in Emergency Medical Care, Physiology, Medicine, and a master's degree in emergency medicine. His exposure and experience include significant operational, clinical & teaching time and skills, and then further co-ordinating, command & control and management level experience.
